Dwi Yulianto

Surabaya, Indonesia
(E) dwiyulianto619@gmail.com

Summary

Experienced Frontend Developer with a strong background in Next.js, boasting two years of expertise. Enthusiastic about JavaScript and eager to explore. Adept at crafting user-centric web interfaces and passionate about keeping up with the latest trends in frontend development. A quick learner with a drive for continuous improvement and innovation.

Experience

01/2022 - Current

PT Industri Kode Visual - Surabaya - Jawa Timur, Indonesia
Front-End Developer
As a Frontend Developer, I create responsive and interactive user interfaces using Next.js and TypeScript. I also enhance the design with modern and efficient styling using Tailwind CSS

04/2021 - Current

Goperasi - Surabaya - Jawa Timur, Indonesia
Front-End Developer
Developing an application with our custom framework, using React and TypeScript for both frontend and backend, along with Tailwind for frontend styling, and relying on Prisma as the database query builder, all powered by PostgreSQL as the database.

06/2019 - 04/2021

BIIS Corp - Surabaya - Jawa Timur, Indonesia
Web Developer
Working as a web developer using Laravel, JavaScript for interactivity, and PostgreSQL as the database involves building dynamic web applications.

05/2015 - 06/2019

Aksamedia - Surabaya - Jawa Timur, Indonesia
Web Developer
A junior web developer assists in web development tasks, learns from senior team members, and gradually takes on more responsibilities as they gain experience.
